

SPECIALISED SHIPPING CONTAINERS

Specialised Shipping Containers

The containers outlined below are not included in our standard pricing, as they are not items we hold in stock at all times, due to their specialised specifications.

However, in most cases we can either construct or source one of these specialised containers within seven working days. All prices quoted in this email and attachments are in inclusive of GST, but exclude transport costs.

10' SHIPPING CONTAINERS

The used pricing below is based on us converting a good quality 20' or 40' container into a 10' unit. Once the modification is completed, the used containers are repainted inside and out.

10' Standard	Single Container Door	Double Container Doors	Roller Door
Refurbished	\$2,200.00	\$2,640.00	\$2,860.00
New/Single Use	NA	\$4,510.00	\$5,610.00

10' High Cube	Single Container Door	Double Container Doors	Roller Door
Refurbished	\$2,530.00	\$2,860.00	\$3,300.00
New/Single Use	NA	\$4,950.00	\$5,830.00

DANGEROUS GOODS STORAGE CONTAINERS – AS1940-2004 COMPLIANT

Available in both new and used condition, side door and end door, 10', 20' and 40', this product type is unique to the domestic market.

We generally build used dangerous goods containers to order, using good quality 20' & 40' containers. All units are built to adhere to AS1940-2004. Pricing will depend on the design & configuration required.

New dangerous goods containers are manufactured in China and moved empty by Sea to Brisbane. Due to the limited stock of both new 10' and 20' dangerous goods containers in stock and ready for delivery, all pricing is provided on application.

Please email Garth@premierbox.com.au for more information relating to our dangerous good containers.

SIDE ACCESS SHIPPING CONTAINERS

This equipment type is particularly difficult to find in used condition, which is why we must list the price as POA. However, we do have access to a regular supply of new side access containers.

	Used Condition	New Condition
20' Standard Side Door	POA	\$7,480.00
20' High Cube Side Door	POA	\$7,865.00
40' High Cube Side Door	POA	\$18,150.00

OPEN TOP AND FLAT RACK CONTAINERS

These two equipment types are not normally held at our Narangba depot. As they are generally used by shipping lines & freight forwarders to move over size cargo, they are stored at the Port of Brisbane. However, we can transport units to Narangba for inspection.

	Open Top	Flat Rack
20' Standard	\$3,960.00	\$3,795.00
40' Standard	\$6,325.00	\$6,600.00

Open Top Containers

Flat Rack Containers

Still can't find the container type you are looking for? Have a question relating to one of these specialised containers? Please give us a call on 07 3888 3011 or send us an email to sandy@premierbox.com.au
